

COVENT GARDEN

Covent garden is a site of a leading FM company who are contracted to provide cleaning services. The soft services team chose Summit Hygiene with a view of a more personal & innovative janitorial supply partner.

ABOUT

Covent Garden is a busy site managed by a leading UK FM company, requiring high standards of cleanliness and efficiency. They decided to switch to Summit Hygiene for their cleaning supplies to benefit from a supplier offering a more personal service and innovative, sustainable products.

The move was aimed at improving daily operations and aligning with Covent Garden's focus on long-term cost efficiency and environmental responsibility.

SITE LEVEL SUPPORT

Summit Hygiene has made managing multiple delivery addresses across Covent Garden simple and efficient.

Summit Hygiene has demonstrated exceptional performance in supplying multiple delivery points across the Covent Garden site within our required time frame. Their efficient logistics ensure that all cleaning products are delivered promptly, even with the site time restrictions set by the local council.

- Soft Services Manager

We also provide detailed reports on product usage and spending. These reports help the team stay on top of budgets, identify cost-saving opportunities, and plan orders better to avoid overspending or running out of essential supplies.

AT A GLANCE

OUR SUPPORT

- Manage multiple delivery addresses
- Provide detailed reports on product usage and spending.
- Seamless mobilisation.

INNOVATION

- Ozoklenz chemical free cleaning supporting sustainability goals.

TESTIMONIAL

We would highly recommend Summit Hygiene to any site or company looking for a reliable and efficient supplier of cleaning products. Their commitment to delivering high-quality solutions and innovative ideas, tailored to specific site requirements, sets them apart in the industry.

- Soft Services Manager

MOBILISATION

Summit Hygiene ensured the switch from the previous supplier went smoothly and without delays. Cleaning products were delivered promptly, and the site team received everything they needed to continue operations as usual.

The mobilisation process was handled professionally, with close communication between our dedicated account managers and the Covent Garden team. This ensured the transition was seamless and no gaps in supply during the changeover.

INNOVATION

Covent Garden has introduced Ozoklenz, a chemical-free, all-purpose cleaner and disinfectant, into cleaning routines. This innovative product has helped the site significantly reduce single-use plastic waste.

By using Ozoklenz, Covent Garden is taking steps to become more sustainable while maintaining high cleaning standards. The product has been effective throughout the estate, providing an eco-friendly solution without compromising results.

Ozoklenz is not only effective at tackling dirt and bacteria around our site, but it also supports our sustainability drive by reducing our chemical waste and our environmental impact.

– Soft Services Manager

TESTIMONIAL

Summit Hygiene's proactive communication and expert advice ensured we were fully equipped from day one of our partnership, allowing us to meet our client's expectations seamlessly.
